COOKOUT CONTACT

Charlie Ford
Gary Vick

Greetings ABC members and families. Well nothing changed for this tournament. The weather was ideal right up to Friday. Saturday started with a lighting show and then the winds blew strong all day. Sunday was more of the wind just not as strong. There were several tournaments going on Saturday but Sunday was a little less crowded on the water.

Congratulations to Gene and Christine Canney! They were blessed with a son Cooper Lee Canney Monday the 18 at 8:04 am that weighed 8.4 pounds and was 21 ½ inches long. Mom and baby are doing fine and Gene made it home just in time.

There was no cook out scheduled for this tournament but on Saturday night there was a fish fry that never ended. People stood around and visited while James Chesser kept the fish coming. There were several people who brought fish and many who helped get it ready. Most everyone there took part in eating it as fast as it was being cooked and a GREAT time was had by all. Thanks to all that stopped by and helped prepare the food or helped us eat all of it! Best unplanned cook-out the club has ever had.

Please make sure if you have a fish that is questionable for weigh-in you ask one of the tournament directors for the courtesy board. Then take it to your boat to measure the fish because when you get in line it is too late. There is a 1-pound penalty and the fish does not get weighed if it is not legal. So please measure them carefully.

Clay has a new shipment of hats for those that missed out the first time. He will have them at the meeting and the tournament weigh-in. They are \$10 each and pick your color.

Take a little time the next week and check the tire pressure on the trailer and the fire extinguisher on the boat to make sure they are still in good shape. This can insure you have a safe and happy trip.

May Tournament

All the wind didn't keep us from bringing in some BIG sacks of fish. I think everyone that was there was able to catch fish. We had a great turn out Division I had twelve teams and Division II had three teams. We were able to catch 127 fish for a total weight of 311.65. This is a great place to go and catch some quality fish. The results are as follows:

Third Place	Kevin Atkinson & Bruce Fisk	30.90

Division II results
